

November 2018

Dear Friends and Supporters,

Thank you for being a supporter of our organization through your donations, contributions of time or by participating in one of our programs. **We are grateful for being in the community for 35 years. We hope you will consider us in your holiday and year end giving by making a donation to our organization.** This year our annual appeal will go directly to our two programs: the Children's Early Intervention program and Adult Community Services. Both programs educate, support individuals/families and within the Adult program strive to help people with disabilities live as independently as possible.

We are blessed to see gratitude on a daily basis as we travel over 130,000 miles a year providing services. We are welcomed into homes and often see people during their most vulnerable moments. There is joy when a child giggles and success when an adult has a true moment of independence. There are also thanks for help with a flat tire or when an umbrella is borrowed. There are 37 of us: teachers, physical and occupational therapists, social workers, speech pathologists, interpreters, a nurse, one office manager, one accountant and me, the Executive Director. I am so grateful for the people I work with on a daily basis. I am one lucky leader who has a team of knowledgeable, compassionate and caring professionals that hit the road every day with a mission to make a difference. Our quality program outcomes of being an A rated Children's program and keeping 99% of adults living in the community are a result of their hard work. Our small office team pitches in to fix equipment, dust off toys and keep everyone running smoothly.

My daily gratitude comes in many ways: from a Mom who calls me to tell me that **"your team has changed our lives, they have found a way for us to function as a family; I could not be more thankful, you have given us back our child in many ways I cannot even express"**. Or when a father goes out of his way to say: **"My social worker is one of the most passionate and understanding people I have ever met. And I have met a lot of support people. She has been a god send to us. She is an advocate and a professional and I hope you do what you can to keep her around. I was told your agency is the best at what they do and we have not been disappointed."**

You also might want to know I am thankful that we have a Board of Directors that are mission driven and have the people we serve and our staff in their thoughts always. As I said I am one lucky Executive Director! Please continue to share your stories with me and tell a friend.

I hope you will help us this year. Your tax deductible donation can be sent to us by tearing off the bottom portion and using the enclosed envelope. If you wish to donate on-line via PayPal, please visit our website at www.ccdisability.org and click the donate button. Our website has more information on all of our accomplishments including our annual report. **Thank you for support and if you know someone who needs our services, please call.** Happy Thanksgiving, Happy Holiday and a very Happy New Year.

Sincerely and with Great Gratitude,

Margaret Rybinski
