

December 2023

Dear Friends and Supporters,

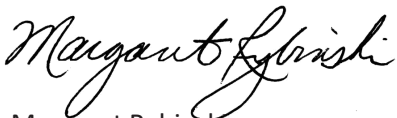

Thank you for being a supporter of our organization through your donations, contributions of time or by participating in one of our programs. **This year we are celebrating our 40th year of service to the community. I am grateful for the children and adults we serve, our truly dedicated staff that give 100% of themselves and the wonderful support our organization receives from the community. I hope you will consider us in your Holiday or year-end giving by donating to our organization.** As with every annual appeal, the funds raised go directly to our two programs: the Children’s Early Intervention program and Adult Community Services. Both programs educate, support individuals/families and within the Adult program strive to help people with disabilities live as independently as possible. This year, included in this mailing is our annual report and it is also posted directly on our website for you to enjoy, please take note of our accomplishments. I recently received some feedback that I would like to share:

“Forty years in operation is impressive! I have a disability and have a young adult child with significant disabilities so I understand on a personal level the importance of services you provide to the community. I applaud your organization and all the heart and care that’s gone towards your success”.

The staff I have the pleasure to work with on a daily basis are all dedicated individuals. So, if you see a therapist, personal care support or a Social Worker out in the community working with a person with a disability, please take a moment to thank them. They would appreciate it! All of us are a part of our communities and you never know when you or someone you love may need support. I don’t want to miss this opportunity to ask you if you know anyone who is a therapist (e.g. a PT, OT or Speech) or someone who wants to provide personal care, refer them to us!

I hope you will help us this year. Your tax deductible donation can be sent to us by tearing off the bottom portion and using the enclosed envelope. If you wish to donate on-line via PayPal, please visit our website at www.ccdisability.org and click the donate button. Or consider enrolling in a monthly giving program through Pay Pal. Our website has more information on all of our services and accomplishments. **Thank you for support and if you know someone who needs our services, please call.** Happy Holidays and a very Happy New Year.

Sincerely,

Margaret Rybinski
Executive Director

**Some quotes
from the people we serve:**

The Social Work Director has been excellent! Always available to answer questions, very friendly, and easy to work with.

My NHT coordinator always responds quickly to my questions and understands my needs. She has been excellent and very helpful. I am very thankful!

I enjoy participating in Storytellers, which I heard about through this agency.

My Son’s Speech Pathologist helped me in so many things. She has helped me to open up more and speak up more about my son and if I have any issues or concerns she has helped me get the help I need and my answers solved. She has also helped my son on wanting to eat more and introducing new things finding out what he likes.

Our PT- She has helped educate us so much on our child’s physical milestones and helped him as well with his sensory needs. She’s taken the bull by the horns and helped so much to get him where he is today when it comes to his physical abilities. He is trying to walk, crawl on things, even trying to stand with no assistance.

My Social Worker is always accessible and attentive to my needs.

She (therapist) has been a driving force behind our child’s success, encouraging both him and our family as we assist him in his goals. She always has something new to try and is a wealth of knowledge and experience, we truly value her.

My Service Coordinator is excellent!

The therapists offered practical hands-on steps to enhance a physical and a cognitive development. The suggestions proved very effective.

I am grateful for the Director for introducing me to your housing group.

Our child is honestly thriving due to his EI team and the skill they bring to the table to help him as well as help and educate myself and my husband. We have a very good relationship with our EI ladies and the trust in the care and education they provide for our son is outstanding.

YES! I would like to show my support of the Cerebral Palsy Association with a contribution in the amount selected below. Please use my gift where it is needed most.
